

# Hire with confidence using AI-powered talent insights

## Simplify complex people decisions

Get the insight you need to make excellent hiring decisions and build high-performing teams.

01

### See beyond the resume

Get an in-depth understanding of the core values, competencies, and behavioural strengths of each candidate.

02

### Predict team alignment

Evaluate how each candidate will integrate with, complement, and enhance your existing team dynamics.

03

### Access everything in one place

All crucial data, from behavioural assessments to interview feedback, captured in one place to speed up and simplify the process.

## How it works

Wisnio makes powerful talent data fast and actionable to support business leaders with their most critical people decisions.

Use Wisnio's job analysis tools and predefined scorecards to craft an in-depth job brief quickly.

Ask candidates to take a 25 min assessment. If team alignment is vital, ask your team members to do the same.

Wisnio's AI evaluates the data, producing comprehensive candidate reports and interview guides.

Integrated tools for interviewing, onboarding, and team development make the insight actionable.
